Re: Ex Parte Communication in MM Docket No. 00-39 (Rules and Policies Affecting the Conversion to Digital Television); PP Docket No. 00-67 (Compatibility Between Cable Systems and Consumer Electronics Equipment); and CS Docket No. 97-80 (Commercial Availability of Navigation Devices)

Dear Ms. Dortch:

On Tuesday, September 3, 2002, Lawrence R. Sidman and Ralph B. Everett of Paul, Hastings, Janofsky & Walker LLP and David Arland of Thomson Multimedia ("Thomson"), met with Commissioner Michael Copps and his Legal Advisor, Alexis Johns, to discuss the need for the Commission to act decisively to ensure "plug and play" cable-DTV compatibility. The specific topics addressed in the discussion are reflected in the attached presentation (which represents an updated version of information provided to Commission's Media Bureau staff in August 2002, and which was distributed at the meeting). Thomson also discussed the Commission's implementation of its DTV tuner/decoder mandate, as adopted on August 8, 2002.

In accordance with Section 1.1206 of the Commission's Rules, 47 C.F.R. §1.1206, an original and one copy of this letter are being filed with your office.

Please direct any questions concerning this matter to the undersigned.

Respectfully submitted,

/s/

Lawrence R. Sidman
